Bishop Eric Aguirre's Email

My family and I(my mother and my younger brother) normally attend Sunday service at Living Word Christian Church in New Rochelle, NY (EIN: 20-4175274). I have gotten to know the bishop, Eric Aguirre initially through a phone conversation back in February and on and off email conversations, until I met him in person, around August of this year (2024). Lately for the past month-month and half, it has been a challenge getting to church. On December 7, 2024 at 12:11PM, I received an email from Bishop Eric Aguirre, that email read the following:

God bless you.

Hello Wilfredo
I pray all is well. I haven't seen you or the family in church. Miss you all and I am praying for you all. Hope to see you soon say hello to the family.
